

e2XD::renderer::IRenderer

```
classDiagram
    class e2XD_renderer_DefaultRenderer["e2XD::renderer::DefaultRenderer"]
    class e2XD_renderer_IRenderer["e2XD::renderer::IRenderer"]
    e2XD_renderer_DefaultRenderer --|> e2XD_renderer_IRenderer
```

The diagram illustrates a class hierarchy. At the bottom is a white box labeled 'e2XD::renderer::DefaultRenderer'. A blue arrow points upwards from this box to a gray box at the top labeled 'e2XD::renderer::IRenderer', indicating that DefaultRenderer inherits from IRenderer.
