The diagram illustrates a function call branching into two paths. A central box on the left, with a grey background, contains the text 'e2XD::framework::SFMLTextureManager::loadJsonTextureConfigIfNotLoaded'. Two blue arrows originate from the right side of this box. The top arrow points to a white box on the right containing 'e2XD::framework::SFMLTextureManager::isJsonTextureLoaded'. The bottom arrow points to another white box on the right containing 'e2XD::framework::SFMLTextureManager::loadJsonTextureConfig'.
