

e2XD::renderer::IRenderTarget

```
graph BT; A[e2XD::renderer::DefaultRenderer::RenderTarget] --> B[e2XD::renderer::IRenderTarget]
```

The diagram illustrates an inheritance relationship. A light blue box at the bottom represents the base class, and a dark gray box at the top represents the derived class. A blue arrow points from the base class box to the derived class box, indicating that the base class inherits from the derived class.
