

addons/std-addon/include
/2XD2/std_addon/renderables
/RectangleRenderable.h

```
graph BT; A["addons/std-addon/include  
/2XD2/std_addon/nodes/Rectangle2D.h"] --> C["addons/std-addon/include  
/2XD2/std_addon/renderables  
/RectangleRenderable.h"]; B["addons/std-addon/src  
/renderables/RectangleRenderable.cpp"] --> C;
```

This diagram illustrates the relationship between three files in a project. At the top is a header file, 'RectangleRenderable.h', located in the path 'addons/std-addon/include/2XD2/std_addon/renderables'. Below it are two other files. On the left is 'Rectangle2D.h' located in 'addons/std-addon/include/2XD2/std_addon/nodes'. On the right is 'RectangleRenderable.cpp' located in 'addons/std-addon/src/renderables'. Two blue arrows point from the bottom-left and bottom-right boxes to the top box, indicating that both 'Rectangle2D.h' and 'RectangleRenderable.cpp' include 'RectangleRenderable.h'.

addons/std-addon/include
/2XD2/std_addon/nodes/Rectangle2D.h

addons/std-addon/src
/renderables/RectangleRenderable.cpp
